A GIFT opens the way and ushers the giver into the presence OF THE GREAT.

—Proverbs 18:16
Dear Congregational Leader,

As the Thanksgiving season approaches, many of us in America have a lot for which to be thankful. Elsewhere in the world, life can be much more challenging for those without livelihoods. Even when good fortune seems unreachable, the act of working towards a goal can bring its own satisfaction, rewards and blessings.

Kha Srey Khoun is one of those people who now looks toward the future with excitement and hope. Kha lives in Run Village, Cambodia, with her husband, a construction worker, and their son. She has been involved with two community groups since early 2018, when HURREDO, one of Outreach International’s teams in Cambodia, began implementing the Outreach Process in her village. The first issue they hope to resolve is to begin earning more from their handmade palm leaf handicrafts; the second aims to address concerns about the poor housing conditions in their community.

Thanks to the dedication of Kha and her fellow community members in Outreach-facilitated activities, partners have secured higher prices for their handcrafts, and Kha’s family has gained eligibility for a new home from Habitat for Humanity. For Kha, and everyone in her community, this new way to think about and work toward solutions for the most pressing issues they face has led to wonderful, life-changing results.

All these new blessings were made possible because of the generosity of people like you, sharing with our community partners and directly contributing to lasting solutions and enduring joy for people worldwide. We are honored by your heartfelt and compassionate support.

May the blessings that you and your congregation provide to others bring you joy this holiday season.

Your friends at Outreach International

Please share this message and poster with your congregation this holiday season and post it in a prominent place to remind everyone of the good we create together.
